Our New Stock of Tweeds and Serges

OUR new stock of tweeds and serges is the result of careful selection from the best the Old Country can produce.

The price of woolens having advanced so much since we purchased these goods that we are unable to duplicate them anywhere at the same price. If you are thinking of purchasing a new suit or over coat we shall be pleased to send samples and measuring forms to any address in the Island.

JOHN MAUNDER
TAILOR and CLOTHIER,
281 & 283 Duckworth St.
ST. JOHN'S, N.F.

READ the following unsolicited testimonial from Mrs. John Cousens, Botwood:—

"I have been using "WINDSOR PATENT" ever since it was first imported, and would say I can find no other flour to compete with it. I bake only once every week, using a stone of "WINDSOR PATENT" and one Royal yeast cake, and find that the bread never becomes dry as it does when other flours are used. In addition, the bread has a deliciously sweet taste."

Isn't this just your own experience Mrs. Good Housekeeper?

House of Assembly

Official Synopsis

Continued

May 28th, continued.

Sir Michael Cashin was not satisfied with the excuse for non payment put forward by the Member of St. Barbe. The Government should satisfy themselves and also the House that the books of every firm who had any money were correct and in order. Over eleven months had passed since the money was advanced and it was high time that all accounts were furnished and finalized.

Mr. Cheeseman (Burin) was pleased that Burin District had not received one cent of Government money for supplies. It was an error for any amount to be charged against Burin. Those who got the supplies were domiciled in Burin District but those supplied belonged to Placentia and St. Mary's. He held that the supplying business last year was an unwise move and had a demoralizing effect on the people who benefitted by it. He was pleased that the moral of the people of Burin had not been so affected. They carried on their business last year as usual and were prepared to do the same thing this year.

Mr. Gosse (Hr. Grace) wished to state to the House that the amount advanced to G. and M. Gosse was not worth talking about. It was only $4,500.00. He said as the reason for getting the amount was the fact that they had a good many people in Spaniard's Bay that he would call "Lame Ducks." They couldn't get a man to supply them. He asked several city merchants to take the guarantee and supply but no person would take them up. He supplied 40 crews and finally decided to take the Government guarantee and supply these men. He got $4,500.00 from the Government and advanced the amount himself. After their fish was caught on the Labrador a vessel came down in charge of Josiah Gosse representing the Imperial Brokerage Company, and bought all the fish. The agent named deluded the fishermen by telling them that Sir Michael Cashin, Sir John Crosbie, and Mr. A. S. Rendell were behind the Company so their money was safe. They thereupon sold their thirty-three or thirty-four quintals of fish that belonged to him. He remonstrated with those men and told them that he had supplied them. It was all to no purpose they sold the fish and left him in the lurch. When they didn't pay him he couldn't pay the Government. The men had no intention of paying him anyway. If they did they wouldn't have sold their fish.

(continued on page 4)

Here and There

Canso, July 7—A drink of carbolic acid, evidently taken in mistake for medicine, is the probable cause of the death of Frank Rhynold, of Fox Island, five miles from here this evening.

Wakefild, Mass., July 10—The excessive rains of June and early July have caused much damage to crops in New England, but the abundant moisture has brought benefits which largely offset the damage.

Caught under a small fall of rock, which crushed his spine and eight ribs, Henry Van Herrick, a Belgian miner, was killed at No. 4 Colliery, New Waterford. He was just about to knock off work for the pay when the fall occurred.

On the railways of Great Britain last year there were 726 persons killed and 5,155 injured. There were 357 derailments recorded as against 559 the previous year, and 196 collisions. There were 7,850 accidents due to the breaking of couplings, as against 11,113 in the year 1920.

Springhill, July 7—The death occurred this morning of the seven-year-old son of Mr. and Mrs. Peter Como. The little fellow was out playing yesterday, and as far as can be ascertained had chewed some grass, close to a potato patch, which it is thought had been sprinkled with Paris green.

A community cow, rented out at $1 a week to families in the congregation who have children, is the property of the Church-by-the-side-of-the-road, in Greenboro, N. C. The proceeded realized from this rental are being saved to buy other cows, and eventually there will be a community herd to supply milk in large quantities for all the children in the congregation.

Bridgetown, July 7—A drowning accident occurred this morning at Lawrencetown, when Benjamin Prince, aged 23 years, lost his life. Young Prince, in company with Willoughby Phinney, was out in a canoe on the Annapolis River. Near the scene of the accident is a high waterfall and both young men had gone over the fall twice, but while attempting the third time the canoe either upset or was swamped, throwing both into the water.

Take BEECHAM'S PILLS for Constipation

THE AMERICAN LYNCHER

So far as we can learn, the appalling crimes committed by the lynchers in this country are committed not by men of foreign birth or extraction, but by men wholly of American origin and boasting their lineage from American citizens. The deeds of which these savages are guilty are often so horrible that one dare not describe them in print. To drag their victims through the streets till the life has been pounded out of them, to saturate them with oil and burn them at the stake—these are some of the minor cruelties inflicted upon American citizens by their subbrutal fellows. Every one of these mob-tortured men the Government of the United States has the right to call to the defense of the nation's flag. Every one of them, therefore, should be guaranteed his rights as an American citizen by the Federal Government. If Congress fails to pass the anti-lynching bill, we all become participes criminis in this shameful evil that disgraces the nation.—Our Dumb Animals.

FOREST FIRES DESTROY

$1,250,000 Worth of Timber in British Columbia

Victoria, July 8—More than $1,250,000 worth of standing timber in British Columbia has been destroyed by forest fires up to yesterday, according to official figures.

The forty mile gale which swept through the Nanaramo district at Marville, Campbell River and Menzie's Point districts, Vancouver Island, since yesterday morning will add enormously to the total loss.

Logging camps at Langbay, where 1000 men were employed, were destroyed by the fire that practically destroyed the village. Airplanes are being used in shipping in supplies to the fire-fighters.

Sydney, N. S., July 8.—Four men, Norman MacRury, Hugh Connington, A. Kelly and W. Pope, were killed at noon to-day at the Marconi Towers, near Glace Bay. They were erecting a steel mast and were in a cage 180 feet from the ground, when the mast collapsed about the centre, precipitating the men to the ground. They were dead when assistance arrived.

OUR FISH SALES TO BRAZIL

In 1920 Newfoundland exported to Brazil 14860 tons of codfish, out of a total of 29,538 tons consumed by that country. In 1913 however, Newfoundland supplied Brazil with 25,800 tons of codfish. It will thus be seen that Newfoundland's sale of codfish in 1920 fell off by 10,940 tons since 1913, while that of Canada and United States materially increased, the former by 2,816 tons, and the latter by 3,622 tons. The question which naturally presents itself is: Why has the codfish exports from this country to Brazil fallen so materially in seven years? We believe that the future success of marketing of a great portion of our fisheries depends on the markets of South America, and in this we should be able to compete with any other country. We trust the visit of the Minister of Marine and Fisheries, Hon. W. F. Coaker, to South America last winter will have a benefical resul in retaining these markets and that there will be future studies as to their requirements. We must give greater attention to the requirements of our customers, if we hope to retain their trade.

With the Rod

Dr. Clapp landed 35 salmon from the Tidal Pools of the Codroy River

There was not much fishing on Crabbes and Fischell's rivers last week.

At Fox Island River salmon are reported plentiful, but not many rods there.

There were 400 pounds of salmon taken from Robinson's River the first week in July.

There have been 320 salmon taken from the Grand River up to a week ago, and fishing continues good.

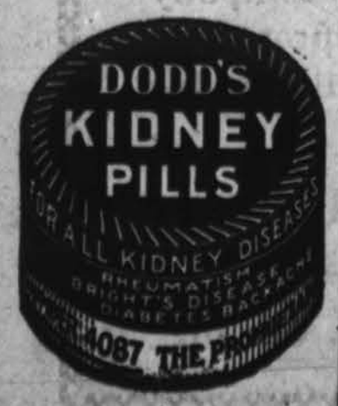
Little River is in good shape for fishing and some fair catches have been made. There are good many rods on the river.

On the Serpentine all the pools are occupied at present, and good fishing has been experienced at some of the pools.

Two sportsmen who were on the Upper Humber came down last week, they having landed 425 lbs. salmon. The fish were very plentiful and of a fair size.

Melderburg and Mullins who were fishing at Overfalls Pool, Grand River, secured 40 salmon each. They went home about a week ago.

On Wednesday last Donald and Noble Petley had some good fishing at the Falls Pool, on Hughes Brook. They landed seven salmon one weighing 12 lbs. and another nine pounds, the others from 3 to 5 pounds; and 13 sea trout, averaging 5 lbs. each.



HOME BRINGS GOOD FISHERY NEWS

Codfish have struck in along the coast from Brig Bay to Port au Choix and traps have from 100 to 500 quintals ashore, is the good news brought by Captain Norman, of the s. s. Home, which ship reached Curling at 12.30 on Monday. The Home made all ports of call to Battle Hr. and return. She reports that Grant has 9,000 quintals cod ashore at Blanc Sablon, and Whitley 2,500 qtls. at Bonne Esparance. At Pleasure Hr. there is a sign of cod, but at other points between Blanc Sablon and Battle Hr. there is not much doing. On the Newfoundland side of the Straits there is a sign at Flowers Cove but not much doing along the coast from there to Brig Bay, but from the latter place to Port au Choix there is good fishing and traps have landed from 100 to 500 qtls. and are getting big catches daily. The Home brought along a large number of passengers.

The ship sails north again today after arrival of the express trains.

West Coast Notes

Codfish struck in at Lark Hr. last week, and some good catches have been made.

STRAWBERRIES FOR SALE orders filled promptly. A. V. GALLANT, Stephenville 121m

One steamer load of pit-props and pulp wood has been shipped from Lomond to-date.

Reports from various parts of the coast indicate good farm crops particularly hay, potatoes and turnips.

The Supreme Court on Circuit opened at Bonne Bay on Monday and continued to yesterday. There was nothing of a criminal nature to occupy its attention.

Some of those at Bonne Bay who were victims of the recent fire, are making reparations pto rebuild, and temporary quarters are at present being used by some of the business firms.

Take BEECHAM'S PILLS for Constipation

On Friday and Saturday of last week the Supreme Court on Circuit was in session at Channel. The Chief Justice and suit proceeded in the evening to Bonne Bay by the Revenue Cutter Daisy.

Lieut.-Col. Carthy has been appointed Magistrate for Bay St. George, succeeding Richard MacDonnell, M.B.E., who is retiring. Magistrate Carthy takes up duties the 1st. August. We extend to him our hearty congratulations upon his appointment. He comes to St. George's as no stranger, having represented the district in the House of Assembly for four years.

OUR LOBSTER INDUSTRY

EDITOR WESTERN STAR,—

My copy of your issue of the 12th has just reached me and I note your editorial reference to our declining lobster fishery.

No one will deny that our lobster fishery is fast reaching the state of depletion that will make its prosecution no longer profitable, but I fail to understand why such happenings should occasion any surprise. We are deliberately and methodically planning through our "legislation and rules" governing the prosecution of the lobster fishery to ensure such results.

I confess to be somewhat amused by your editorial remark that "it is most extraordinary that our "lobsters are decreasing since we "take steps to protect them by pro"hibiting the taking of lobsters un"der a certain size" whilst in "Nova "Scotia, where lobsters are increas"ing such precaution is not resorted to."

A moment's reflection should suffice to convince any thinking person that it is just this so called measure of protection that has resulted in the demineration now so much in evidence and its continued enforcement will inevitably result in the total destruction of our lobster fishery.

Our lobster fishery laws are of a piece with our so called seal fishery protective laws. For about forty years our sealing laws actually enforced the killing of all the young seals each year and protected the old seals with the result that as there thus could be no increase of the number of breeding seals to make good the annual morality wherein the herd has now become so depleted that the annual catch has been reduced to from a fourth to a third of what it was a few years ago; and were the usual number of steamers now participating not a single one would secure a paying trip.

As a fitting counterpart to such protective legislation we have a lobster fishery law that prohibits the taking of young lobsters until they are within a year of having attained the age and size that makes these pro-creative. Where they may be and are fished so destructively that there are few if any left to make good the large annual losses from material and other causes in the mother lobster class and hence the increasing scarcity so much in evidence of late years.

HER RECOVERY IS AMAZING TO MANY FRIENDS

Mrs. McArthur Tells How Tanlac Brought Complete Relief From Stomach Trouble That Was So Bad She Couldn't Walk Up the Stairs—Gains Weight too.

"My friends all express surprise over the fine change in my health and I always tell them how Tanlac caused my improvement," said Mrs. Kenneth McArthur, 52 S. Bentinck St., Sydney, N. S.

"I was dreadfully weak and run down for six years, suffering from a bad form of stomach trouble. No matter how careful I was of what I ate I had awful attacks of indigestion. I had trouble with my heart skipping and jumping, but I know now it was due to the condition of my stomach. I was nervous and miserable, getting little rest day or night, and so fagged out I couldn't climb the stairs.

"I began taking Tanlac just in time for I had almost lost hope. Now I am feeling like a different Woman. I have a hearty appetite, eat anything, sleep restfully and have gained weight. I think Tanlac is truly wonderful."

Tanlac is sold by all good druggists.

ODDFELLOWSHIP AT BONNE BAY

Excelsior Lodge No. 126 I.O.O.F. held its Installation of Officers Tuesday evening July 11. Owing to the regretable absence through illness of the District Deputy Grand Master, Bro. J. P. Haliburton, the ceremony was performed by D. D. G. M. Bro. J. C. Tapper, assisted by District Deputy Grand Marshall, Bro. Alex. Roberts.

The elect officers for the term July-Dec. are,—

Bro. Charles Hopkins. Noble Grand; Bro. Thos. W. Rose, Vice Grand; Bro. J. P. Haliburton, Treasurer; Bro. Rendell Roberts, Financial Secretary; Bro. A. W. Amberman, Recording Secretary.

All with exception of Treasurer were installed as were also a number of the appointed officers.

The term recently ended, under the leadership of Bro. Rowland Roberts, has probably been the best in this Lodge's history. The sessions were largely attended and good interest sustained. During the period four members were added to the list and at this date the total membership stands at 49.

The question of erecting a building occupied a prominent place in the deliberations on various occasions and it was decided to build. Following this decision, a large number of the brethern repaired to the woods and secured a very excellent frame. Divers causes culminating in recent fire has set the construction back for the present. During the winter an entertainment was given, which while not up perhaps, to the usual high standard set by this Order, was catered to by a very large audience, and the financial results exceeded the expectations of all. Excelsior Lodge on Tuesday evening, the bretheren indulged in a social hour, refreshments being served and smokes enjoyed. Bro. Tapper was prevailed upon to sing a song and his familiar voice was heard with pleasure. Congratulations were generously given Bro. Hopkins upon his attainment to the Chair. Not only is he the youngest Noble Grand of this Lodge but probably is one of the youngest to hold that office. Under his energetic guidance the present term is expected to be a pleasant and profitable one.

Little River Notes

Little River, July 15.—The people of Little River regret very much the removal of Mr. and Mrs. T. R Tipple to Norris Arm. Mr. Tipple has been station master here for the past three years, and gave every satisfaction and was very much liked by the people in general.

The people of Norris Arm in having Mr. Tipple for a station master can pride themselves in having one of the best the R. N. Co. can produce. Mr. Tipple is a veteran of the Great War with the C. E. F. at the front for three years and took part in all the Big Engagements during that time such as Vimy Ridge, Somme Passiandial Ridge, Arras, Cambrai and other engagements. Success to him in his new abode.

WARNING

Curling

E. Baggs spent a few days fishing at Harry's Brook last week.

J. Dee, Inspector of Customs, arrived from St. John's on Monday.

A. Morgan, Fisheries Inspector, has been in Curling the past few days.

Rev. H. and Mrs. Petley recently celebrated their Silver Wedding anniversary.

B. D. Lily went to Labrador, as far as Cape Charles by the Home last week, and returned on Monday.

J. R. Roberts of Bonne Bay, who was to St. John's on business, arrived here on Monday enroute to his home.

We understand that a herring packing station at Middle Arm, formerly owned by E. Baggs, has been purchased by Simon Basha.

The s. s. Tromdenberg is due here today to load 1300 cords of pulp wood for W. H. Taylor, at Middle Arm and Bay St. George.

A New Line of Silk Skirts just arrived from New York and selling for $3 50. All Colors and Sizes.—THE AMERICAN CLOTHING STORE, CURLING.

L. O. Crane arrived last week in a motor yacht from United States. Mr. Crane is on a cruise along the West Coast, and put in here for repairs to his yacht.

The s. s. Home sailed north on Wednesday afternoon, after the arrival of that day's No. 2 express. She had a full freight and was unable to take all that was offering.

The Supreme Court on Circuit, opens here to-day, with His Lordship Sir W. H. Horwood, Chief Justice, presiding. We know of only one criminal case to be submitted to the Grand Jury.

The motor yacht Hawk owned by Major cotton, arrived on Saturday from the United States. The Hawk is a very speedy little craft and developed 19 knots on the way here. She proceeds to Hawkes Bay.

The s.s. George L., Capt. T. Petipas, left for North Sydney on Saturday morning to go on the slip for her annual overhauling and painting. She is due back again the latter part of the week and will bring a load of coal.

James Parsons, of the Tourist Hotel, has a goose which is doing all she can to solve the H. C. L. Although she had laid and brought out one brood of goslings this season, she is now setting again on another laying of eggs. This is a very rare occurrence.

Last week the Home came down from Humbermouth after the arrival of No. 1 express, and connected with No. 2 express at Curling. This is a new departure and proved great advantage of the ship getting away early as she had all the freight in by the time the express arrived and thus saved several hours.

Dr. Weatherell, of Indiana and Col. Lathrop, of Alabama, who were fishing at Serpentine River, returned here on Wednesday night by motor boat. They left by Friday's No. 1 express for Robinson's River, where they intend putting in a few more weeks fishing. Both Dr. Weatherell and Col. Lathrop visited Egypt last winter. Next winter they intend touring India.

Walter Bartlett, editor Blairmore Enterprise, who was here on a visit to his parents, left for Western Canada via United States on Friday. Walter was formerly with the WESTERN STAR staff, but for the past several years has been successfully conducting a business in the province of alberta.

Personal Mention

Rev. Canon Bolt goes to Bonne Bay by the Home to-day.

Mrs. Lilly returned from St. John's on Monday.

Rev. Fr. Callan has been a guest at the Presbytery this week.

Rev. G. H. Maidment returned to Bonne Bay by the Home last week.

Mrs. Peyton and Miss Louie Scott go to Grand Falls by Friday's express.

Mrs. E. Thompson of Hr. Grace is visiting her sister, Mrs. Squarey, at Channel.

Mr. Kean, formerly of the St. John's Daily Star, was here couple days last week.

Thos. Battock, foreman WESTERN STAR office, went to Sydney by the George L.

G. S. Doyle, representing Dr. Chase Medicine Co., spent a few days here last week.

Edward Barry, agent for the Imperial Oil Co. here, went to Sydney by the George L.

Rev. J. Crewe, of Rose Bladche, was a passenger from St. John's by Wednesday's No. 1 express.

Rev. W. Brennon of Bonne Bay, was a guest at the Presbytery here a few days last week.

Rev. Max. Parsons, who was attending the Methodist Conference, returned to St. George's last week.

Joseph Barry who was attending St. Bon's College, St. John's, returned home by Friday's No. 1 express.

T. Garcia returned from St. John's on Monday. He proceeds to Bonne Bay by the first opportunity.

Miss Lena Parsons who was visiting her sister Mrs. Hatch, at St. John's, returned home on Monday.

Hif Lordship Bishop White and his chaplain Rev. Canon Bayly spent a few hours in Curling last Wednesday.

W. F. Butt returned here from St. John's by Monday's express. He proceeds to Bonne Bay by first opportunity.

J. P. Burke, Dis. Mgr. Crown Life Insurance Co., has been in in Curling the past few days on a visit to his brother the druggist.

Lieut-Col. Carty went to St. George's by Monday's express to make preliminary arrangements previous to his taking up residence there next month.

Chas. Rowlings, of Farquhar & Co., Ltd., who was to Bonne Bay enjoying a few days' salmon fishing, returned to Curling by the Home on Monday and joined that day's express for Halifax. He was accompanied by Mr. Horward and his son.

By last Wednesday's express Fred A. Scott arrived from Moose Jaw, Sask., on a visit to his relatives in his native Terra Nova. He is the eldest of the Magistrate and Mrs. Scott's large family (Don the youngest) and is doing a prosperous business in Western Canada. With his wife who is an excellent pianist, Mr. Scott visited Twillingate eight years ago. He proceeded to St. John's and other points Sunday, and gets off here on his way west.

DEPT. MARINE & FISHERIES

NOTICE TO HERRING PACKERS

Until further notice the Inspection of Split Herring shall be optional. When inspection is called for, the usual fee shall be charged.

The attention of intending shippers of Split Herring to the Dominion of Canada, is again called to the Canadian Regulations governing the grading and packages necessary, and they are again warned that these regulations must be complied with. The Newfoundland Inspectors have been instructed as to these requirements and will grade accordingly when called upon.

The above notice does not apply to Scotch cure in any way.

House of Assembly

(Continued from page 1)

Mr. Archibald (Hr. Grace) took issue with Capt. Gosse and defended the men referred to. He said they had a perfect right to sell their fish when they choose and pay Capt. Gosse his account. This they would have done but for the fact that the parties they sold their fish to were men of straw, and the fishermen in question had never been paid for their fish.

Hon. the Prime Minister in the absence of the Finance Minister tabled Supplementary Supply amounting to $624 024 53.

The remaining orders of the day were deferred and the House adjourned until Monday.

Monday, May 1st, 1922

The House met at 3.15 p.m. pursuant to adjournment.

Resolutions covering the following votes were concurred in by Committee of the Whole House and ageeed to:

Dept. of Public Charities.	$949,931.01
Pension Board Commission	711,816.00
General Contingencies	50,000.00

On motion of Hon. the Prime Minister the Income Tax Resolutions were referred to a Select Committee consisting of Hon. the Prime Minister, Hon. the Minister of Justice, Hon. the Minister of Posts, Mr. Higgins, and Mr. Bennett.

Hon. the Minister of Posts moved the House into Committee to consider certain resolutions on the subject of Postal rates.

Mr. Higgins, Mr. MacDonnell, and Mr. Moore agreed with the resolutions, in so far as they related to the raising to four cents the letter postage; but they thought newspapers should continue to be sent free to outports as at present.

Hon. the Minister of Posts contended that thousands of dollars were annually spent in carrying news papers through the mails. He instanced the great cost of carriage and the hardships imposed on carriers who were obliged to carry bundles of papers weighing hundreds of pounds to extern settlements during the winter season. In many cases there newspapers were never read. The Postal Department wanted revenue and couldn't afford to continue as they were going, carrying papers free, and those who wanted papers must pay the tax. However, he he said was satisfied to let the section stand over for further consideration.

The Resolutions were allowed to stand over to consider the suggestions made relative to free circulation of newspapers in the outports.

Mr. Walsh (Placentia and St. Mary's) before the Committee rose wished to reply to certain allegations contained in a speech delivered by Mr. Cheeseman, the member for Burin, on Friday last when dealing with fishery supplies.

He thought that the refrenees to the District of Placentia and St. Mary's were uncalled for and slanderous. If, said Mr. Walsh, gentlemen of the Government benches want an excuse for hiding Government misdoings they draw the red herring of something that happened in Placentia and St. Mary's across the trail. A lot was said to his district getting supplies through the firms of the Mary's Town Trading Co. and George C. Harris. His colleagues and himself had allocated $10,000 00 to the Mary's Town Trading Co. for supplies to Placentia Bay People but that was all. Mr. Cheeseman made the statement that Burin District did not benefit one cent from the fishery supplies and gave the country to understand that the amount charged against Burin should have been charged against Placentia. He Mr. Walsh took the trouble to see Mr. O'Reilly and was told by that gentleman that in addition to the $10,000.00 given to the Mary's Town Trading Co. by himself and his colleagues. Hon. S. J. Foote had given a similar amount to the firm of Harris. As regards the comparison between Burin and Placentia Bay, he said there were scores of fishermen in Placentia Bay who since 1920 were owed amounts by Burin district firms. If the Government had practised economy when they came into office and not squandered thirty-nine million dollars there would be no able bodied poor relief needed to-day. During his six years of office from 1913 to 1919 he did not have to make one appeal for Government assistance for his district.

Mr. Cheeseman said he had no intention of misrepreserting Placentia and St. Mary's fishermen. His firm supplied to a considerable extent on the west side of Placentia Bay. He would get the accounts of the firms in question, if at all possible and see who did really get the supplies. He wished to be emphatic on the supplying for the fishery by the Government. He was against it from the beginning to the end. It was only a false prosperity and tended to demoralize the fishing population.

Sir Michael Cashin said that conditions were such on the South West coast that the finest men from Burin District to the number of 300 to 400 had gone to Nova Scotia this year and engaged in the fishery. He hoped Mr. Cheeseman would get the fishery accounts and table them. Not only that firm's accounts but being a member of the Government party, he should demand the accounts of every other firm. Turning to Mr. Scammell's defence of the F. P. U., he read an article in the Advocate of Saturday last and charged Mr. Scammell with writing it. He asked for an explanation of how it was that although the Trading Company last October and November had the fish on hand, no payment of the guarantee was made until the last week of April.

The remaining orders of the day were deferred and the House adjourned until to-morrow afternoon at three o'clock

Tuesday, May 2nd, 1922.

The House met at 3.15 pursuant to adjournment.

Petitions were presented by Mr. Small from Rose Blanche re Mail Service; by Hon. the Minister of Justice for the use of the dredge at Belleoram; and by Mr. Walsh from Salmonier re Postal Rates, and Long Island on the subject of relief work.

Hon. the Prime Minister presented the Report of the Select Committee appointed to consider certain resolutions respecting War Pensions as follows:

"We annex hereto the Bill entitled "An Act respecting War Pensions" for the consideraiton of the House.

(Sgd.) R. A. Squires,
J. R. Bennett,
W. J. Higgins,
W. W. Halfyard."

The House then went into Committee on said Resolutions. After passing the preamble the Committee rose. a bill was introduced and read a first time.

Mr. Bennett (St. John's West) wanted to know from the Minister of Public Works why Mr. Edward Peckam of Victoria and his brother were brought into St. John's to act as foremen on the Waterford Bridge Road.

The Minister of Public Works said he had no personal knowledge of the matter. The Citizen's Committee through Mr. Davey had employed the foremen and labourers. The Minister in reply to Mr. Higgins stated it was the intention to have Mr. Pearce take full charge of the purchasing of supplies for the Public institutions as soon as the work of the Department was up to-date.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

Newfoundland!

THE SPORTSMAN'S PARADISE

Out of the beaten track of travel, this Country appeals irresistibly to the most blase of Globe Trotters. Opportunities for Sport unrivalled in North America. Salmon and Trout Streams easily accessable

Filled With Gamey Fish

SCENERY most enchanting; majestic headlands and fjords screen valleys of sylvan beauty. A trip to Newfoundland is an epoch in the life of the tourist. One visit means many.

COMFORTABLE HOTELS IN EVERY SETTLEMENT

Shooting Bungalows within easy reach of the lordly CARIBOU, the finest game in the New World. Proficient guides may be had at every Sporting Resort. Government and Railway officials ready to cater to Tourists' wants.

NEWFOUNDLAND has been called the Norway of America, but the comparison does not fully describe the charms of this Island in the Sea. Its Scenery is more entrancing than that of Norway and its summers are longer and more salubrious. The Island is easily reached from North Sydney, Nova Scotia.

ONLY SIX HOURS AT SEA

The Newfoundland Government will gladly furnish any information which the prospective Tourist may desire.

Every Help and Service Rendered to Visitors

Newfoundlanders are proverbially hospitable and aim to make the stay of the Visitor as pleasant as possible.

INFORMATION As to Sporting Resorts, Rates, etc., may be had by applying to any Steamship or Railway Company or from
